- How to tackle your first mandibulectomy
- Glossectomy surgery: what is possible and what is not
- Differences between dogs and cats: what's tolerated?

10.25 – 11.00 **Tonsillar SCC:**

Medical Oncologist Frédérique Ponce:

- Diagnostic imaging, medical treatment with/after and without surgery and prognosis

Surgeon Joachim Proot:

- What can we remove?

11.00 - 11.30 Coffee break

11.30 - 12.00 **Canine Squamous Cell Carcinoma and radiotherapy**

Radiotherapist Imke Schoepper:

- Side effects of radiotherapy and management
- Intensity-modulated Radiation Therapy treatment planning, how does it work?

12.05 – 12.20 **Feline Squamous Cell Carcinoma**

Radiotherapist Imke Schoepper:

- Radiation therapy: what has been done and tried out
- Sono chemotherapy and holmium as new potential treatment options
- Described chemo drugs

12.20 – 12.30 **Time for questions & panel discussion**

12.30 - 13.30 **Lunch**

13.30 – 14.15 **Human Keynote lecture** *Prof. dr. Remco de Bree:*

- Surgical treatment of oral cavity carcinomas

Session 2: Stomach & Small Intestine Cancer

14.15 – 15.15 **Gastric & Intestinal lymphoma in dogs and cats**

Medical oncologist Frédérique Ponce:

- Gastric & intestinal lymphoma, with a focus on differences between both species

15.15 – 15.45 **Coffee break**

15.45 - 16.00 **Gastric & Intestinal lymphoma in dogs and cats**

Radiotherapist Imke Schoepper:

- Abdominal radiation in feline lymphoma

16.00 – 17.00 **Stomach & small intestinal cancer: other tumortypes**

Medical oncologist Frédérique Ponce:

- An overview

Surgeon Joachim Proot:

- Stomach cancer: surgical approaches, after care and outcome

17.00 - 17.30 Stomach & small intestinal cancer: other tumortypes

Surgeon Lucinda van Stee:

- Intestinal surgery: what's new, what's hot and what's not in intestinal surgery

17:30 – 18.00 Time for questions & panel discussion incl human keynote lecturer 30 minutes

18.00 - 18.45 Drinks at the bar offered by SDK (*if possible at all*)

19.00 – 23.00 Dinner (*if possible at all*)

Day 2

Chairpeople: Ruth Fortrie & Tom Hendrickx

08.30 - 9.00 Welcome with coffee

Session 3: Large Intestines

9.00 – 09.45 **Colon tumor types**

Medical oncologist Frédérique Ponce:

- Medical imaging: why is it sometimes so difficult to find them?
- Endoscopy: how to prepare your patient (and their owners)
- Overview of tumor types
- Medical treatment options
